CARVER HIGH SCHOOL

Your reporters are back this week with the news!

With only approximately two more weeks in school before vacation time returns once more, we find teachers and students summing up the year's work. Much has happened this year at Carver of which we are all very proud.

The talk of the week pertains to the school plans now in our Principal's office. They are very nice and the ones who are disturbed are the Seniors who will not be here to enjoy the new building, as well as learn much within its walls.

Tuesday, the Seniors left on a chartered bus for their annual picnic which was held at Jones' Lake i. Chesterfield County. While there they made a tour of the very modern Carver High School of that county. They reported that a student could not but wish to study in such an educational atmosphere. Miss Mattie Hicks, Assistant Librarian, and Principal J. T. Butler accompanied the group.

Didn't our Baseball Team look swell in their new uniforms last week at the game with Farmville High School, though they only lost by a small margin, 13 - 9. This Friday they journey to Pincastle High School in Buchanan County. They have high hopes of winning this game.

Friday evening, May 19, the N. F. A. Quartet has been invited to sing as guests at Oakville School. They, and our Glee Club, are frequently getting invitations to appear at programs throughout the county, after being heard over the broadcast.

The N. H. A. girls held their "Ball" in the Home Economics Department Thursday evening. It was a gala affair and everyone enjoyed the evening.

We are very sorry Warren Minnidell received a broken arm in last week's ball game. He is one of our best players, but accidents will happen.

The Glee Club has begun chipping the processional and recessional for Commencement. Other pieces are being practiced also. They sound o. k., too.

The Tenth Grade is studying the Circle Graph in Geometry. They have found out what percentage of students occupy each grade at Carver.

We had visitors from Campbell County Training School Tuesday, touring our campus. They were on a Student Council picnic.

Many of the students are seen at the skating rink on Tuesday and Thursday. Most of them usually stay on the floor, especially Lelia Mozee, Ella Brown and Roberta Megginson, but maybe by the end of the school term they'll be able to stand up by themselves.

The Editor-in-Chief of the Carver Herald, Charles Jeffries, recently received a copy of The Cub, published by the students of Lunenburg Training School, in Victoria, Virginia. It was a swell job, but of course we think the Carver Herald is tops.

The Juniors wish to extend their sincere congratulations to the Senior Yearbook staff for their superb job on the yearbook. "We feel that we will have a tough time beating them next year," were their words.

Until next week:
"Reading maketh a full man; conference a ready man; and writing an exact man."
